Melanie Taylor Smith, Olympic Gold Medalist, with the EAP Zone 7 qualifiers for Training Session I. Participants for Training Session II will be notified in August.

2nd ACTHA Competition at TRHP, July 11, 2009

Wrapping up for June 2009

June has been an action packed month. TRHP welcomed three separate events in a single week-end. June 6-7, members of the **Southwestern Miniature Horse Club** moved in with a full house for their event. This was the club's first event at TRHP and many of the exhibitors were very complimentary of the amenities provided for the exhibitors and the horses. The Club is a sponsor of **Safe Haven Equine Rescue** in Gilmer, which was on-site to educate, inspire donations, and make everyone aware of the plight of the many horses they support to rehabilitate and hopefully place in new and caring homes.

The **USHJA Emerging Athletes Program** took over the Grand Prix jumping arena where their matching blue polo shirts and EAP monogrammed saddle pads could be seen from the distance flying over the jumps.

The Hunter arenas were just as busy with the **NTHJC/Wagon Wheel Show**.

June was also the start of the new **East Texas Tournament Match Roping** series.

June 23-27 witnessed the invasion of the **USEDC Super Ride VII, National Drill Team Championship**. With hundreds of horses, riders, grooms and coaches, you needed sunglasses in-doors and out to tame the flash of rhinestones and sequins that abounded on horses and riders!

July is - NEW, HOT & NOW!

American Competitive Trail Horse Association (ACTHA), will be arriving July 11th. for their second Trail Ride competition at TRHP. In addition to the new \$25,000 end of year prize purse, Stampede Feed & Ag Supply of Tyler, is generously providing an additional \$525.00 for the various class prizes for this event. If you like to ride, want to compete, (but are not an "Extreme Cowboy" type), you might want to explore joining this young, 3 yrs., and growing association of easy-going, fun-loving, horses and riders from all walks of life. On a regular basis the ACTHA donates 50% of their proceeds to equine rescue organizations. Of the \$25,000 year end prize purse, \$5,000 is already marked for donation to an equine rescue in the name

of the national high point winner. www.actha.us

A real treat is in store for all that come to watch the **Tejas Carriage Association Arena Driving Trial** on July 25, 2009. Their classes with horse and carriage, emulate Dressage, Stadium Jumping and Cross County. Expect to see breeds ranging

from ponies to warmbloods competing for ribbons and prizes. I've been told there is even a Carriage Dog Class (ADS Article 44), at some Pleasure Shows. "The Carriage Dog, is first and foremost a companion and is welcome to ride with the driver or passengers on the vehicle." www.americandriving.society.org

Eventing is coming! Eventing is coming! Mark your calendar - July 18, 2009, is the date for TRHP's first **Schooling Combined Test/ North Texas Eventing Association**. Tests are planned for Dressage and Stadium Jumping. This should be a great event to bring your younger horses to for the experience in a controlled environment and just as good to warm up the more seasoned horse. Classes range from Preliminary 3'7 to Green as Grass Crossrails.

First Eventing Event at TRHP 7/18/2009!

Sponsor Note - Equiderma

Along with the hot, sweaty, sticky Texas summer comes fungus, summer itch, and other nasty skin conditions to plague our horses this time of year. If you have haven't tried Equiderma Skin Lotion, you should. It was developed especially for a horse that was rescued after lying in a mucky pond in Florida for several weeks. The experienced rescuer, Bethany Padgett tried everything on the market to try to arrest and heal this horse's skin condition, without success. Bethany decided to use her background in homeopathic

medicines and organics to develop her own remedy - Equiderma.

From this one product, Equiderma Skin Lotion, a full line of horse care products has evolved: Shampoo, Conditioner, Outdoor Horse Spray, Sheath Cleaner, Leg Poultice and Wound Ointment . All of these products are based on certified organic, human grade ingredients. Most important of all, they work! With a money back guarantee, you can't go wrong with these products. Do go to the website and read the many testimonials from

Veterinarians, RN's, Dressage riders, H/J riders and many others.

Friesian owners take note! This stuff, (the skin lotion), is wonderful for "fungus in the feathers". If you own a Friesian you know what we are talking about.

If you have a special problem, call and speak directly with Bethany at 800-573-1020. Click on our website sponsor link or go to www.equiderma.com

Sponsor Spotlight - Stampede Feed & Ag Supply

TRHP and Brunson Equestrian Center have been fortunate to have Stampede Feed & Ag Supply owner Tommy Lusty working with them over the years to develop an equine nutritional program that could meet the needs of the many residents of Brunson Equestrian Center as well as those of visiting show exhibitors.

Starting from his graduation from Texas A&M at Commerce, Tommy's career has been focused in the veterinary and nutrition industry. His experience as a drug rep for 9 years, and clinic person for 3 years, made him the perfect candidate to open his own feed store. In addition to the Acco and Nutrena feeds which they carry,

Stampede has their own line of feeds that are prepared every day for maximum freshness. All feeds are typically "fresh" within one week of manufacture. Brunson Equestrian Center has found that the "Safe & Sound" feed by Acco keeps their horses in just the right condition needed to be healthy and at the top of their game in their jobs as schooling horses or as show horses.

Tommy summed up his management style by saying "Every customer is important to us and we appreciate every purchase our customers make, large or small. I believe that if our customers are happy and successful, we will be too." Stampede's motto is "Animal Science, Customer Service."

If you are interested in tangible results from your equine feeding program you might want to give Stampede a call. They have the knowledge, combined with the respect for their customer's goals, to be of real assistance.

Stampede Feed & Ag is located at 4136 Chandler Hwy. in Tyler and can be reached at 903-592-1742. For information on Acco Feeds go to www.accofeeds.com
